

Environmental Policy

We are committed to maintaining ISO14001 certification.

Our aim is long-term and sustainable development by offering production which considers and prevents unnecessary impact on the environment, to achieve this we shall:-

- Comply with all applicable legal requirements and other requirements to which staff members subscribe to, which relate to our environmental aspects.
- Include the consideration of environmental issues in all business strategies and initiatives.
- Prevent pollution, reduce waste via recycling and ensure that our consumption of natural resources is monitored.
- Encourage environmental protection among our suppliers, subcontractors, and contractors.
- Minimise significant adverse environmental impacts of new developments through the use of integrated management processes and planning.
- Ensure that all our employees understand and conform to our environmental policy.
- Continually improve our environmental management system to enhance our environmental performance.
- Wherever possible, purchase products and services that minimise damage to the environment.

All NOTE Windsor staff members share the company Environmental Objectives and are respectful of the duties and specific commitment of others to achieve these objectives.
